>Three pictures of the handling tool are attached in jpeg format.

>
>001: 6 tools, the left hand three have no 'non-slip' backing (this is how
>the engineering company supplied them to us) whereas the right hand three
>do. The handles are at 45 degrees but we have others where the handles are
>at 0 and 90 degrees.

>
>003: view from above showing the cliplock arrangement

>
>006: another view of the clip.

>
>Hope these are of some
