1 Introduction

This is a sample LaTeX document using the LIGO 'document class'. Please write all of your SURF project proposals, progress reports, and final report using this format.

If you need to cite a source, do it like this: [1].

Pictures and figures are awesome! You should include them wherever they will help make something more clear, as you can see in Figure 1.

Figure 1: LIGOX - The LIGO Instrument Science Group at Caltech.
